Driving Etiquette & LV Use

Drive Safe, Be Aware, Look After Each Other

1

BE AUTHORISED & PREPARED

You must have a full, valid driver's licence, be authorised to drive, and complete the LV pre-start before use.

2

DRIVE RESPONSIBLY

Obey speed limits, drive to conditions and be aware of wildlife. Tracking systems monitor speed limits.

3

USE RADIOS & COMMUNICATE

Ensure a radio with the correct channel is always in the vehicle and keep cabin noise low enough to hear important radio calls.

4

LOOK AFTER YOUR TEAM

Rotate drivers where required. The passenger or spotter must not be on their phone and must actively watch for hazards.

Before You Start...

- Complete the LV pre-start and check the vehicle is safe to use.
- Wear your seatbelt at all times.
- Be aware of wildlife and drive to conditions.
- Ensure the passenger/spotter is not on their phone and is actively watching for hazards.
- Leave the vehicle clean, refuelled as required and in the same condition as you found it.

Drive Safely – Obey Speed Limits – Use Your Radio – Look Out for Wildlife
